Phase 2

[From Framing to Implementation]

SIX GOALS OF THE NDRC

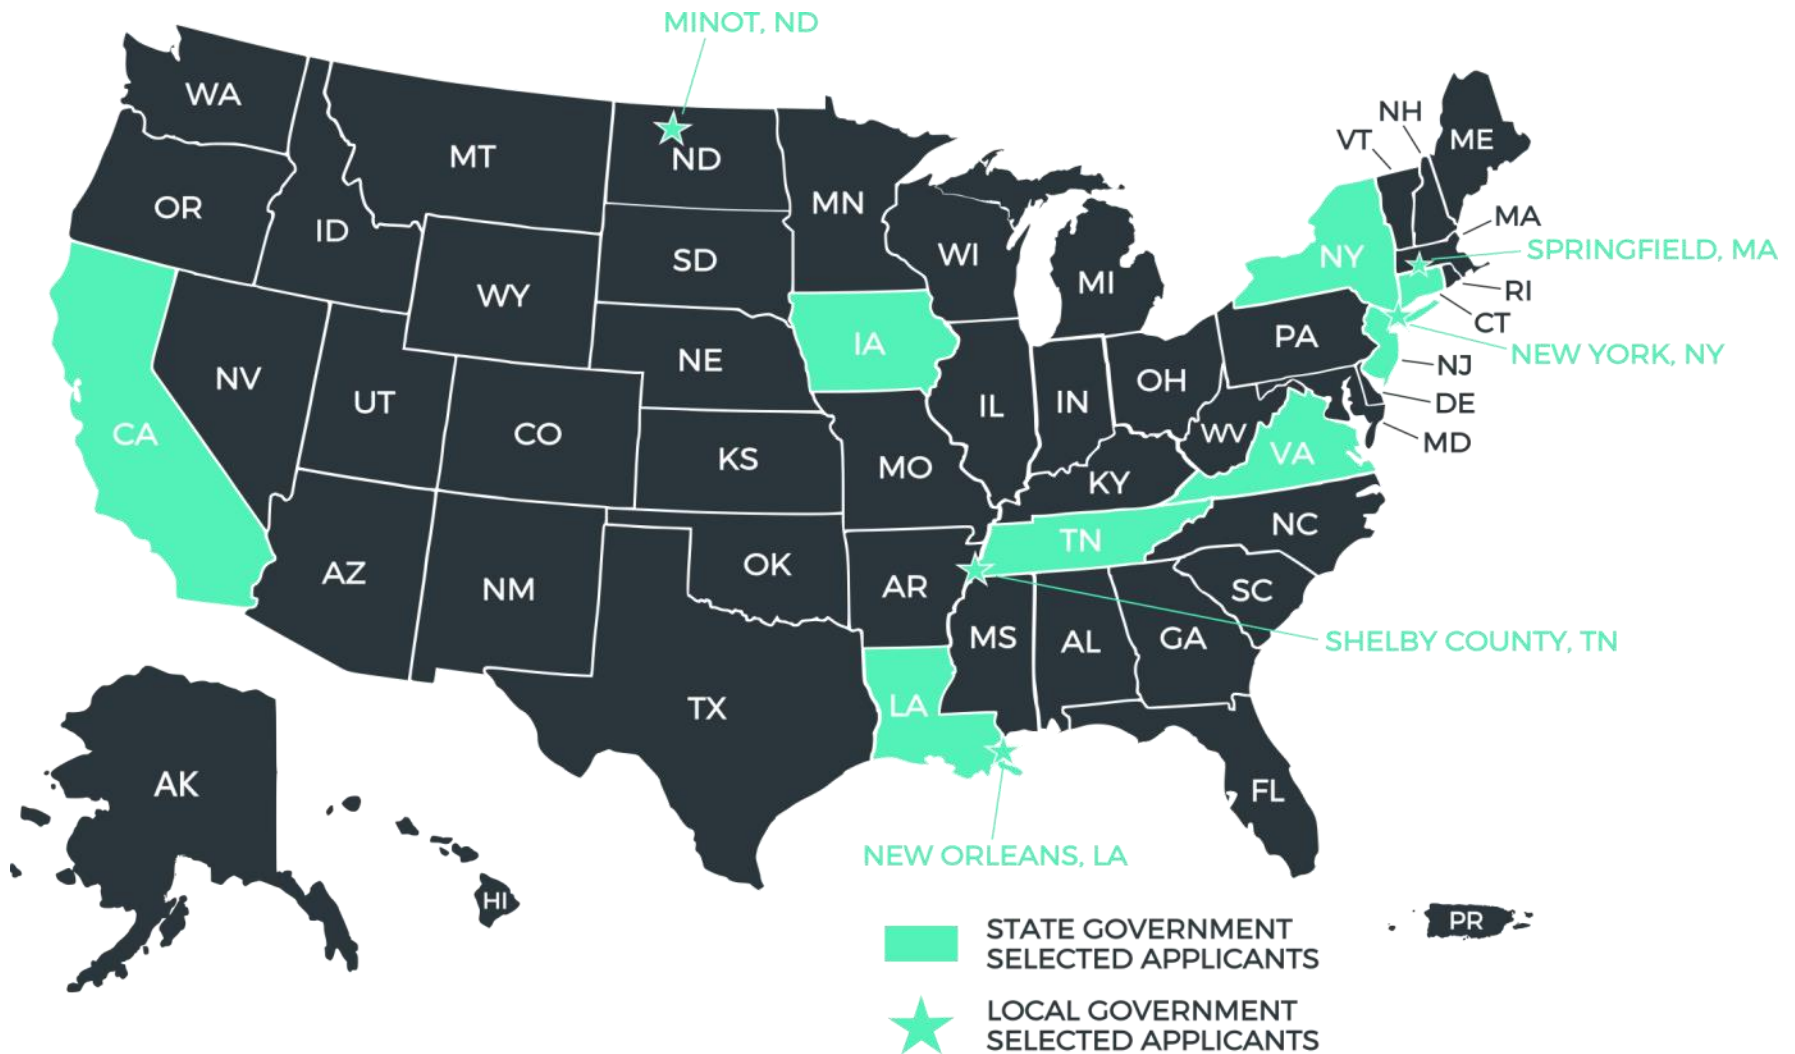

1. To fairly allocate remaining PL 113-2 CDBG-DR funds.
2. To apply science-based and forward-looking risk analysis to address recovery, resilience, and revitalization needs.
3. To leave a legacy of institutionalizing the implementation of thoughtful, innovative, and resilient approaches to addressing future risks.
4. To provide resources to help communities plan and implement disaster recovery that makes them more resilient to future threats while improving quality of life and making communities more resilient to economic stresses or other shocks.
5. To fully engage stakeholders about the impacts of climate change and to develop pathways to resilience based on sound science.
6. To leverage investments from the philanthropic community to help communities define problems, set goals, explore options, and craft solutions.

ROCKEFELLER TECHNICAL ASSISTANCE

- The Rockefeller Foundation provided TA to NDRC applicants throughout the competition
- Phase 1: \$5 million in TA and capacity building for 67 eligible NDRC applicants
 - Five regional Resilience Academies and Federal Resilience Workshop in Washington, D.C.
- Phase 2: \$3.2 million in TA to 40 NDRC applicants
 - Two regional Resilience Academies and a Resilience Funder's Summit in Washington, D.C.
